

Academic Turkish is a Turkish education program that is shaped for the education of students in academic environments other than general, social and daily purposes.

The aim of Academic Turkish courses is to enable international students to learn the academic language used in undergraduate and graduate education levels and ultimately gain academic skills.

A plan is prepared according to the departments that the students who have completed the C1 level will study and 80 hours of training is provided during the summer semester.

You can contact [tomere@galata.edu.tr](mailto:tomere@galata.edu.tr) to participate in the training and to get information.
